## A

**Abscesses**
- Straight Talk About Strangles (F) 302/24
- Sesamoid injury (CR) 307/36
- Neurological impairment and strangles (MF) 310/18

**Accidents and Safety**
- New helmet requirements for eventers (RU) 304/53
- Riding safely on paved roads (HO) 305/24
- Care during trailer ride stops (HO) 305/27
- Horseproofing the Homeplace (F) 305/54
- Endurance group tightens rules (CU) 309/30
- Got It Covered? (F) 309/43
- New show jumping helmet rule (RU) 309/71
- Experimental treatment for tendon injury (CR) 310/28
- "Whiplash" Lameness (F) 310/32
- Catch as Catch Can (F) 311/34
- Give Your Horse the Best of Both Worlds (F) 312/42
- Are You Roadworthy? (F) 312/72
- Cause and Effect (PER) 313/14
- Severe hoof injury (CR) 313/26
- Of Sound Mind (SR) 313/36
- Safety From the Top Down (SR) 313/54
- 20 Hidden Hazards of Horsekeeping (SR) 313/68
- Riding Quicksand (SR) 313/76
- Rural Rescue 911 (BP) 313/104

**Acupuncture**
- Remaking Mainstream Medicine (F) 303/34

**Allergies**
- Seasonal sneezing (HO) 306/29
- Stocking up (HW) 308/34
- Fly-spray sensitivity (C) 308/104
- Chronic laminitis and hypersensitivity (MF) 311/22
- Give Your Horse the Best of Both Worlds (F) 312/42
- Dealing with hives (C) 313/88

**Alternative Therapies**
- Remaking Mainstream Medicine (F) 303/34

**Amnion Dressings**
- Scarred for Life? (F) 306/51

**Appaloosa Horses**
- Registries to allow embryo transfer (RU) 302/58
- Back to Basics (F) 308/78
- Registration status of old horses (RU) 310/67
- Trends at a Glance (SR) 313/48

**Appendix Horses**
- New registry for Thoroughbred/Quarter Horse crosses (RU) 313/86

**Arabian Horses**
- Registries to allow embryo transfer (RU) 302/58
- Arabian Horse Association formed (RU) 304/52
- Back to Basics (F) 308/78
- Trends at a Glance (SR) 313/48

**Arthritis**
- Exercise and joint function (HO) 311/27
- Older horse referrals (MF) 312/20

**Artificial Insemination**
- Artificial insemination (C) 306/112

## B

**Back Pain**
- Behaviors associated with back pain (HO) 310/26

**Bacteria**
- Straight Talk About Strangles (F) 302/24
- *R. equi* pneumonia (CR) 303/18
- Antibiotic resistance suspected (MF) 306/21
- Controlling Contagion (F) 306/85
- Neurological impairment and strangles (MF) 310/18

**Bandages and Wraps**
- Improving Your Wrapping Skills (OH) 303/53
- Tail troubles (HO) 304/18
- Care during trailer ride stops (HO) 305/27
- Efficacy of topical wound treatment (MF) 308/21
- How flies hurt hooves (HO) 309/28

**Bathing**
- Winter Grooming (OH) 302/49
- Cleaning a muddy horse (HO) 303/16
- Wash-stall appointments to consider (HO) 307/33
- Beyond Brushing (F) 308/52
- Equine skin care (HO) 309/28
- Removing sap (HO) 311/26

**Behavior and Behavioral Problems**
- Reforming a kicker (C) 302/65
- Helping a timid horse (C) 302/66
- Risks of delayed castration (C) 302/67
- Vices among foals (MF) 303/8
- Stallion protects pasturemates (BP) 303/72
- Do horses sense death? (C) 304/58
- Sleep, Dreams & Other Mysteries of the Equine Mind (F) 305/38
- An Itch to Scratch (F) 305/49
- Horseproofing the Homeplace (F) 305/54
- The Need to Lead (F) 306/40
- Bridling an ear-shy horse (HO) 308/25
- Brushup of Veterinary Exam Manners (OH) 308/61
- Horse urinates only in stall (C) 308/109
- Teaching a horse to lift his feet (C) 309/76
- Causes of grinding teeth (C) 309/78
- Pick Up the Pace (F) 310/40
- Adding a new horse to the herd (HO) 311/24
- Catch as Catch Can (F) 311/34
- Perle's Progress: Stuck in Trouble (F) 312/55
- Mare's unusual straddling behavior (C) 312/88
- Controlling urination behavior (C) 313/88

**Belgian Draft Horses**
- Test for junctional epidermolysis bullosa (MF) 304/12
- Fatal skin condition (MF) 310/20

**Blankets and Sheets**
- Cleaning and storing blankets (HO) 307/32
- Blanket Buyer's Shopping Guide (F) 311/52
- Give Your Horse the Best of Both Worlds (F) 312/42

**Blood Spavins**
- Sorting out spavins (HO) 303/15

**Botflies**
- Controlling botflies (HO) 310/27

**Brain and Brain Disorders**
- West Nile vaccine receives full license (MF) 307/28
- West Nile Update (SR) 308/40
- Neurological impairment and strangles (MF) 310/18
- Fast Facts: West Nile virus (MF) 311/19

**Branding**
- Some ID, Please (F) 303/22

**Breeding and Reproduction**
- Evidence of ancient navicular disease (MF) 302/8
- Registries allow embryo transfer (RU) 302/58
- Embyro transfer (HW) 304/20
- Terms "breed" and "purebred" defined (C) 305/84
- Artificial insemination (C) 306/112
- Back to Basics (F) 308/78
- Test for color dilution gene (MF) 309/16
- First cloned equid (MF) 310/18
- First cloned horse (MF) 312/22

**Bucking**
- Behaviors associated with back pain (HO) 310/26

**Buckskin Color**
- Genetic tests for horse colors (C) 302/64
- Test for color dilution gene (MF) 309/16

## C

**Calcium**
- The source of thumps (C) 312/88

**Cancer**
- Sarcoid treatment (CR) 305/30
- Melanoma and medication (C) 310/73

**Cardiovascular System and Disorders**
- Heart size and performance (MF) 302/9
- Causes of a nosebleed (C) 304/60
- Planning a Conditioning Program (OH) 305/65

**Castration**
- Risks of delayed castration (C) 302/67

**Cataracts**
- Cataract considerations (C) 310/72

**Chiropractic Medicine**
- Remaking Mainstream Medicine (F) 303/34

**Choke**
- Relieving choke (MF) 308/18
- Choke prevention and treatment (MF) 308/18

**Chronic Obstructive Pulmonary Disease**
*(see Recurrent Airway Obstruction)*

**Chronic Progressive Lymphedema**
- Fatal skin condition (MF) 310/20

**Clipping and Clippers**
- Preparing for fall body clipping (HO) 308/24

**Buckskin Color**
- Genetic tests for horse colors (C) 302/64
- Test for color dilution gene (MF) 309/16

## C

**Calcium**
- The source of thumps (C) 312/88

**Cancer**
- Sarcoid treatment (CR) 305/30
- Melanoma and medication (C) 310/73

**Cardiovascular System and Disorders**
- Heart size and performance (MF) 302/9
- Causes of a nosebleed (C) 304/60
- Planning a Conditioning Program (OH) 305/65

**Castration**
- Risks of delayed castration (C) 302/67

**Cataracts**
- Cataract considerations (C) 310/72

**Chiropractic Medicine**
- Remaking Mainstream Medicine (F) 303/34

**Choke**
- Relieving choke (MF) 308/18
- Choke prevention and treatment (MF) 308/18

**Chronic Obstructive Pulmonary Disease**
*(see Recurrent Airway Obstruction)*

**Chronic Progressive Lymphedema**
- Fatal skin condition (MF) 310/20

**Clipping and Clippers**
- Preparing for fall body clipping (HO) 308/24

- Creative clipping (RU) 310/64
- Give Your Horse the Best of Both Worlds (F) 312/42

**Cloning**
- First cloned equid (MF) 310/18
- First cloned horse (MF) 312/22

**Clostridial Myonecrosis**
- Recovery from clostridial myonecrosis (MF) 309/17

**Coat and Hair**
- Planning a Conditioning Program (OH) 305/65
- Unclipped horses on warm winter days (HO) 306/28
- Spotting signs of tack misfits (HO) 306/28
- Perils of standing in mud (C) 307/109
- Sun and coat color (C) 307/110
- Beyond Brushing (F) 308/52
- Creative clipping (RU) 310/64
- Study of aging in the equine population (MF) 312/21

**Colic**
- Coastal Bermuda hay and impaction colic (MF) 302/10
- Preventing impaction colic in winter (HO) 304/16
- Colic Journal (F) 304/34
- Preventing reperfusion injury (MF) 305/20
- Myths about warm weather riding (HO) 308/22
- Danger of lawn clippings (HO) 309/29
- Ultrasound to identify right dorsal colitis (MF) 310/19
- Helping a colicking horse until the veterinarian arrives (HO) 311/24
- Causes of recurrent colic (C) 311/78
- Older horses admitted to clinic studied (MF) 312/20

**Colitis**
- Ultrasound to identify right dorsal colitis (MF) 310/19

**Coloration and Markings**
- Genetic tests for horse colors (C) 302/64
- AQHA recognizes bay roan (RU) 303/56
- What makes a "sooty" buckskin tobiano (C) 307/106
- Sun and coat color (C) 307/110
- Test for color dilution gene (MF) 309/16
- AQHA allows perlinos and cremellos (RU) 310/63

**Combined Training** *(see Eventing)*

**Cribbing**
- Vices among foals (MF) 303/8

**Crisis Management Plans**
- An Emergency Evacuation Kit (OH) 304/49
- Rural Rescue 911 (BP) 313/104

**Cushing's Disease**
- Pergolide treatment for Cushing's syndrome (MF) 305/20
- Unusual case of Cushing's disease (CR) 308/26
- Peripheral Cushing's disease renamed equine metabolic syndrome (MF) 310/23
- Older horses admitted to clinic studied (MF) 312/20
- Study of aging in the equine population (MF) 312/21

## D

**Dentistry** *(see Teeth and Dentistry)*

**Diagnostic Tools and Techniques**
- Genetic tests for horse colors (C) 302/64
- Test for junctional epidermolysis bullosa (MF) 304/12
- Causes of a nosebleed (C) 304/60
- Ultrasound diagnosis of sacroiliac problem (MF) 307/27
- Test for color dilution gene (MF) 309/16
- Test for strangles risk (MF) 309/18
- Piroplasmosis screenings now required (RU) 309/67
- Ultrasound to identify right dorsal colitis (MF) 310/19
- Early detection of *Rhodococcus equi* pneumonia (MF) 311/20
- Lab Report (F) 311/43
- Four tests of neurological health (HO) 312/33
- Gait sounds reveal lameness (HO) 312/33
- Evaluating a lump (HO) 313/25

**Diarrhea**
- Clearing up diarrhea (C) 308/106

**Diet and Nutrition**
- Coastal Bermuda hay and impaction colic (MF) 302/10
- Dealing with a finicky eater (MF) 303/17
- Impaction colic in winter (HO) 304/16
- Nutritional needs of a lactating mare (C) 305/86
- Second Only to Nutrition (PER) 307/16
- Preventing repeat founder (C) 307/108
- Avoiding spoiled oil (HO) 308/24
- Stocking up (HW) 308/34
- Hoof Cracks (F) 308/67
- Clearing up diarrhea (C) 308/106
- Danger posed by lawn clippings (HO) 309/29
- Sorting Out Supplements (F) 309/34
- Safety of feeding brewing by-product (C) 309/77
- Applied Science: Ulcers (MF) 311/23
- Causes of recurrent colic (C) 311/78
- Consumer Confidence (PER) 312/14
- Give Your Horse the Best of Both Worlds (F) 312/42
- The source of thumps (C) 312/88
- Improving indoor air quality (HO) 313/24

**Digestive System and Disorders**
- Coastal Bermuda hay and impaction colic (MF) 302/10
- Impaction colic in winter (HO) 304/16
- Normal noises of digestion (HO) 304/19
- Colic Journal (F) 304/34
- Preventing reperfusion injury (MF) 305/20
- Exertion and ulcers (MF) 306/21
- Relieving choke (MF) 308/18
- Choke: Prevention and treatment (MF) 308/18
- Clearing up diarrhea (C) 308/106
- Danger of lawn clippings (HO) 309/29
- Ultrasound to identify right dorsal colitis (MF) 310/19
- Applied Science: Ulcers (MF) 311/23
- Helping a colicking horse until the veterinarian arrives (HO) 311/24
- Causes of recurrent colic (C) 311/78
- Older horses admitted to clinic studied (MF) 312/20

**Dorsal Displacement of the Soft Palate** (DDSP)
- Laryngeal muscles and DDSP (MF) 312/24

**Dust and Dust Control**
- Improving indoor air quality (HO) 313/24

## E

**Ear Shyness**
- Bridling an ear-shy horse (HO) 308/25

**Eastern Equine Encephalomyelitis**
- Improved Mosquito Control (OH) 306/96

**Ehrlichia Disease**
- Ehrlichia disease and Potomac horse fever (C) 308/107

**Electrolytes**
- Basics of electrolytes (HO) 308/22
- The source of thumps (C) 312/88

**Embryo Transfer**
- Registries to allow embryo transfer (RU) 302/58
- Embyro transfer (HW) 304/20

**Emergencies**
- An Emergency Evacuation Kit (OH) 304/49
- Rural Rescue 911 (BP) 313/104

**Endocrine System and Disorders**
- Pergolide treatment for Cushing's syndrome (MF) 305/20
- Unusual case of Cushing's disease (CR) 308/26
- In Brief: Cushing's syndrome (CR) 308/32
- Peripheral Cushing's disease renamed equine metabolic syndrome (MF) 310/23
- Older horses admitted to clinic studied (MF) 312/20

**Endotoxins and Endotoxemia**
- Colic Journal (F) 304/34

**Endurance Horses and Endurance Rides**
- Fatigue-related deaths of two endurance horses reviewed (RU) 302/57
- When Winning Isn't Everything (BP) 302/80
- Exertion and immune function (MF) 308/20
- Endurance group tightens rules (CU) 309/30
- Veracity of *Hildalgo* figure questioned (RU) 312/79

**Enzyme-Linked Immunosorbent Assay**
- Lab Report (F) 311/43

**Epistaxis**
- Causes of a nosebleed (C) 304/60

**Epitheliogenesis Imperfecta**
*(see Junctional Epidermolysis Bullosa)*

**Equine Encephalitis**
- West Nile vaccine receives full license (MF) 307/28
- West Nile Update (SR) 308/40

**Equine Influenza**
- Controlling Contagion (F) 306/85

**Equine Metabolic Syndrome**
- Peripheral Cushing's disease renamed (MF) 310/23

**Equine Protozoal Myeloencephalitis**
- License renewed for EPM vaccine (MF) 304/13
- Four tests of neurological health (HO) 312/33

**Escaped and Lost Horses**
- Some ID, Please (F) 303/22
- Got It Covered? (F) 309/43
- A Not-So-Formal Affair (BP) 312/104

**Eventing**
- New helmet requirements for eventers (RU) 304/53
- Eventing stays in Olympics (RU) 307/90
- Rolex Grand Slam (RU) 313/85

**Exercise and Conditioning**
- Impaction colic in winter (HO) 304/16
- Planning a Conditioning Program (OH) 305/65
- Exertion and ulcers (MF) 306/21
- Unclipped horses on warm winter days (HO) 306/28
- Applied Science: Ulcers (MF) 311/23
- Exercise and joint function (HO) 311/27

**Extracorporeal Shock Wave Therapy**
- The Wave of the Future (F) 307/52; correction 310/14

**Eyes and Vision Disorders**
- Some ID, Please (F) 303/22
- Eye discharge (HO) 307/30
- Cataract considerations (C) 310/72
- Do You See What I See? (F) 312/62

## F

**Feed and Feeding** *(see Diet and Nutrition)*

**Feed Supplements**
- Help for ringbone (C) 308/105
- Sorting Out Supplements (F) 309/34
- Consumer Confidence (PER) 312/14

**Fencing**
- An Itch to Scratch (F) 305/49
- A Plan for a New Pasture (OH) 310/54
- Tips on riding fence (HO) 311/26
- Give Your Horse the Best of Both Worlds (F) 312/42
- 20 Hidden Hazards of Horsekeeping (SR) 313/68

**Flooring**
- Horseproofing the Homeplace (F) 305/54

**Fractures**
- Tail troubles (HO) 304/18
- Sesamoid injury (CR) 307/36

**Fungi and Fungal Infection**
- Defeating ringworm (C) 303/61
- Controlling Contagion (F) 306/85

## G

**Gaits and Gait Analysis**
- Distance traveled during a trail ride (HO) 302/15
- Equine Performance Measuring System (MF) 306/20
- "Whiplash" Lameness (F) 310/32
- Gait sounds reveal lameness (HO) 312/33

**Genetics**
- Genetic tests for horse colors (C) 302/64
- Polymerase chain reaction (MF) 303/9
